President's Message

By Barbara Baglione-Riner

Hello all!

What a great month it's been! There was an awesome turnout for the BCHC Annual Rendezvous at Diamond Bar Arena in Ceres. It was so nice getting to slow down a bit and visit with people I hadn't seen in a long time. I especially enjoyed being able to attend both the Friday and Saturday night dinners. The weather ended up being perfect, and of course, Brantley and Austin made the most of it... mostly by playing in the dirt in the arena, LOL.

A huge thank you to everyone who helped make Rendezvous 2026 happen. A very special thank you to Kim and Shane Parson for their generosity and hospitality. I appreciate everyone's hard work and dedication to our organization.

Our California spring has been keeping us on our toes with some unpredictable weather, but it's hard to complain when everything is so green and the wildflowers are as gorgeous as they are. It's a beautiful time to be out on the trails.

We have some fun things coming up! There is a Meet & Greet Dutch Oven Gathering in Knights Ferry coming up on Saturday, April 25. Cooking starts at 9 a.m., with the Dutch oven lunch planned around noon—I hope to see you there!

We also have the Mother Lode Round-Up Parade happening Mother's Day weekend, Saturday, May 9, and our group will be riding. If you're interested in joining, be sure to get in touch with Carlena Kellogg right away.

Looking ahead, Kennedy Meadows Campout and General Meeting is set for July 16–19. Just a reminder that this event is for members ONLY. Please send your RSVP to Stephanie Stott. If you're not a member yet, this is your opportunity to join us—we'd love to have you!

In the next few months there are plenty of trail rides being planned, so keep an eye out for dates in the newsletter or via email blasts.

On the home front, life is busy as always (would we have it any other way?). Between baseball, horseback riding, bike riding, playing catch, and spending time with family and friends, we've been soaking up all the fun moments. I'm also getting ready to wrap up my spring semester within the next month. After that, it's on to Bishop Mule Days at the end of May, so there's definitely no slowing down for me anytime soon.

Hope to see you all soon!

Quote of the Month

By Gail Jamieson

“The perceived set-back the rider experiences with the horse, may in fact be the thing that moves your horsemanship forward.”

Rendezvous Load Balance Contest

By Rudy Dezzani

I was amazed at how close all the participants were to the correct weight per box in the Load Balance Contest at Rendezvous. The weights of the boxes were 28.4 lbs. each for a total of 56.8 lbs. Everyone was within .3 lbs. to .5 lbs. for a balanced load!

Those participating were: Doug Dollarhide, Al Kaiser, John Marshall, Christine Kaplan Mitchell, Lee Owing, Maggie Stein and Dennis Wetherington.

There was a tie for first place, as Christine Kaplan Mitchell and John Marshall had the exact weights of 28.4 lbs. per box!

Since everyone was so close, I awarded everyone a prize of one of my handmade knives.

Thank you, everyone, for your participation!

We have quite a few members and families needing some Sunshine this month.

Tia Saletta's husband, Robert Stanford, has been diagnosed with cancer and has had surgery. Keeping him in our thoughts and prayers as he faces this battle and recovers from surgery.

Kathy Moser, Dave Moser's wife, has been ill. Sending our prayers and hoping you feel better soon.

Vernon Stormont has been diagnosed with cancer and will be starting radiation. Praying for strength and healing during this time.

Ric Tilbury's brother passed away. He suffered from Parkinson's disease.

Alex Moore had an accident and broke his collarbone/shoulder. Rest and heal!

Royce Spears has been in the hospital for the past three weeks, in Florida. Praying for a quick recovery!

We send Sunshine to all others who may not have gotten to me. If you need some sunshine sent your way. Let me know. I would like to hear the good also! New baby? Got married? New Job? Please let me know! Text is the best way! But you may get a hold of me any way you need!

Rendezvous 2026 Ending Summary

By Lloyd Erlandson, Chairman Rendezvous 2026

Rendezvous 2026 is in the books. The theme for this event was Volunteerism and that really did show up. There were volunteers everywhere all weekend long, and also six months before. What a crew we had. I believe everybody had a good time and we raised a little money for the organization. Putting this event on is a love/hate relationship on my part. I'm not the best organizer, planner or delegator, so things like this are hard for me. I try to stay ahead of the game, but things always fall through the cracks. So that being said, I'm glad that it's over.

The Diamond Bar facility is a wonderful small event area. The large, covered arena we could all be in for vendors, socials and dinner makes for a nice gathering. A big thank you goes out to Shane and Kim Parson for letting us use their facility and for also helping out by providing support and supplies all weekend long. From my point of view, most things went off as planned. I did not get to see much of the Rendezvous. It seems I was always moving around because of some issue or question. To all the vendors, presenters and organizers, thank you. I hope things went as expected for each of you and that you felt the weekend was a success. I think each of us measures success in our own way, whether it be by money made or friendships made or renewed, so I hope everyone came away from the weekend feeling good.

I think we nailed the food! I thank Blodgett Catering from Escalon for doing an outstanding job. Fixing, transporting and putting the food on the table fresh and on time is an art, and Blodgett does a fantastic job.

I would like to express my sincere thanks to all sponsors and advertisers for their donations of money and goods so this event could be a success. I hope all who can get their hands on a program will read it and support the advertisers in it. And speaking of the program, I'd like to thank Carol Jo Hargreaves and Kathy Zumbrunn for all their hard work and dedication for putting this program together. It takes a lot of time to gather all the information and organize it into a nice-looking program. Well done ladies!

It takes dedicated people to make this event happen and I had lots of them. We had a lot of Mid Valley people working, but a number of other units really stepped up and helped a lot. There was Mother Lode Unit, who did the Dutch Oven Cooking Contest, trailer parking and wine and beer event organizing. Then Kern Valley Unit did the hospitality booth with the free coffee, water and snacks. Great job. I'm sure there were others, but these two stood out to me.

Financially it takes a while to finalize something like this because there are always late bills and maybe even revenue. But I did get a tally on the silent and live auctions. The silent auction raised \$3,355 and the live auction was \$3,100. The live auction was done by a young local auctioneer by the name of Nick Olvera. I am really grateful for his help stepping in at the last minute and doing a fantastic job.

You may have been wondering where the wild horse and burro adoption went. I was in contact with the BLM in Sacramento last fall and put in the request for them to come to our event. I was told at that time that they were not sure if they were going to have the funds to make the trip. No decision was made till about three weeks before the Rendezvous when I got an email that said they were funded for our event and one in Ferndale. Then a week later I got another email informing me they now had a people problem and didn't have the crew to be able to come. That is where it ended. I called my contact at the corrals in Lichfield, CA and he said he was the only one left at the corrals and he wasn't going anywhere. We're sorry that it didn't happen, but life throws things at us and we just have to move on.

I am pleased to say that we had a successful Rendezvous, and I am honored to have been the chairman of this event. That being said, if it were not for Kathy Zumbrunn, who was my right- and left-hand woman, it would not have been nearly as well done. She kept me on track.

2025 Max and Irene Cochran Journalism Award

By Carol Jo Hargreaves, BCHC Editor

I was thrilled to present Mid Valley Unit's team of newsletter editors 1st PLACE in the 2025 Max and Irene Cochran Journalism Award contest! Congratulations, Gail Jamieson, Vicki Morales, and Kathy Zumbrunn!

Being a newsletter editor requires excellent organizational skills, knowledge of grammar and spelling, creativity, and dedication.

A panel of three judges met in February to review all contest entries. Since I am a member of Mid Valley Unit, I do not participate in judging the "Mid Valley Monthly" newsletter.

Rigorous judging is on three main categories:

- Content 70% - substance, interest, variety, completeness, timeliness, and accuracy.
- Appearance 20% - overall look, format, graphics, and font.
- Consistency 10% - frequency of publication. Extra points for publishing the newsletter on the unit's website and/or Facebook page and for emailing newsletters to subscribers.

Mid Valley's newsletter sets an example for other units in two especially important ways:

- Officers and committee chairs regularly submit articles and photos resulting in an excellent variety of contributors and information. Thank you!
- Publishing a newsletter every month is rare among BCHC units these days. This frequency creates increased workload and cost, at the same time clearly demonstrating Mid Valley Unit's strong commitment to regular communication with ALL members. Communication increases interest, connection, and member retention.

Thank you, newsletter team, for your dedication, your time, and your effort. Thank you, Mid Valley Unit, for placing such high value on staying in touch with unit members.

Congratulations to Carol Jo Hargreaves!

By Kathy Zumbrunn

Carol Jo Hargreaves was certainly surprised at Rendezvous when she was given Mid Valley Unit's Top Hand Award!

Even though CJ (as we all know her!) has lived in Washington for the past 5-1/2 years, she retains her BCHC membership and has always been a big supporter of BCHC and Mid Valley Unit in particular. She has been a member of the Mid Valley Unit since sometime in 1989-90 and keeps her hand in the business end of BCHC. She is always the "go-to" person when we have questions of proper protocol when a problem arises.

CJ helps update Mid Valley's Membership Handbook each year, put together the fundraising "lucky" calendars for the five years we did this and helped with both the 2024 and 2026 Rendezvous by organizing the content of the program booklet and daily schedule. That takes hours and hours of time, and she says, "It's fun!" CJ has also been the editor of the Backcountry News (BCHC's official quarterly newspaper) from 2005-2011 and again from 2019 to date, serves on the state Bylaws Committee, maintains the BCHC website and supervises postings on BCHC's Facebook page. She is a busy lady!

So, thank you, CJ, for all your dedication to BCHC and Mid Valley Unit. This award is well deserved!

Apologies! Rendezvous 2026

By Lloyd Erlandson

Before the event starts we all try to make sure that all the T's get crossed and the I's dotted. But since I was chairman and with my lack of organizational abilities, all the T's and I's didn't get taken care of. We have been planning this for well over six months with a lot being done in the last three months. So, what I'm saying is that I missed some things that I now know about and I'm sure there are some that I don't know about.

So, I will address the one big one that I know about first. It was brought to my attention on Thursday of Rendezvous week that we had left out Carlena Kellogg and Angela Gentry from the program. Carlena put on the Horsemanship 101 training on Friday and the Obstacle Challenge course on Saturday. Angela was assisting Carlena on both events. It was my fault that they were missed. Carlena, being the organized lady that she is, submitted hers and Angela's bios early in January and by the time we were getting the program finalized, I forgot they were buried in my emails and I blew it. I really do apologize to both Carlena and Angela. Thank you for being understanding.

Something else has been working on my brain this past week and that is that this year's event was titled "Volunteerism". Well, I think I blew that too. We didn't stop for a moment after dinner on Friday, when we were giving out the awards for being volunteers, to make a point of thanking everyone there for being Volunteers. It should have been front and center but was just kind of left dangling out there somewhere in space and kind of forgotten. We are all volunteers because that's what we do. By being volunteers, we make the world better and maybe make ourselves feel a little better too.

Rendezvous 2027 and Beyond

By Lloyd Erlandson

Rendezvous 2026 is in the books so now we must move ahead to the years beyond. Our Rendezvous has been the state's only statewide fundraiser. This raises funds so that the state can buy insurance and support other programs of importance. Now, that being said, we need to plan for what are we going to do in the years to come. We have had other fundraisers in the past that have been extremely successful. THINK CALENDARS. Despite all the hand ringing and crying, we still have around \$70,000 in the fund that the calendars made. That is for a legal fund if we ever need to use it. Lawyers are expensive. Getting back to making money, we need to dream up a new fundraiser, or we can all support the Rendezvous better as the fundraiser. The problem that I see with Rendezvous is we are all getting older and have gone to so many of them that we don't want to go every year. Also, the state of California is so long that it is no fun driving the length of the whole state to go to something that you have already been to many times. So, what do we do?

#1 To handle the long state issue we could hold the Rendezvous at Diamond Bar every year. But that brings up the problem of who is going to organize the event. Mid Valley can't do it every year.

#2 We could do the whole Rendezvous thing every other year instead of every year.

#3 We could divide the state in half. Hold one in the south and do another one in the north. This event may not need to be planned as a big event, but to save money on the organization side of things, just have a big inexpensive campout on some rancher's 100 acre pasture and hold a real Rendezvous. If we do this, then we need to support our local event with the donations that are needed to make it both a fun party and a fundraiser.

The reason for this article is to spark some conversation on the subject and see if we can put some new life in this old dog. These are just my ideas; nothing is for certain. The executive committee needs this input to make good decisions. So please send your thoughts about what you might like to see. At this time, there is no Rendezvous scheduled for next year.

Meet and Greet Dutch Oven Gathering in Knights Ferry, CA

By Michael King

Well folks, Saturday, April 25 is almost upon us. The temperature looks to be in the lower 70's and just perfect for the Meet and Greet Dutch Oven Event in beautiful Knights Ferry, CA. Come and join in as our Dutch oven cooks work their magic.

We will be located and set up in the parking area on the east side of the road just before you cross the river bridge. We plan to have our Mid Valley Unit trailer on site and visible from the road by 9:00 a.m.

Plan on lunch being served at about 12:00 p.m. This should give the cooks plenty of time to prepare and cook their creations.

If you aren't planning on cooking, please bring a side dish or something to add to the meal. But remember, cooking is the best, made right on site and served hot!

We hope to see a good size gathering of our members to cook, visit and enjoy the day.

Besides ourselves, we hope to have people from the general public stop by and see what we're all about.

Finally, after lunch, staff from the park administrators will give us all an informative talk about some aspect of the Knights Ferry Recreation Area.

In conclusion, SO COME ON UP AND JOIN IN! We hope for everyone to come and to have a great turnout of our membership. Last year was a huge success, and we're looking for a repeat!

Pardee Ride

By Jim Westmoreland

What a glorious day it was last month on March 14. We had our unit ride at Pardee Reservoir. With the sun shining on a warm, crisp, spring day, 18 riders saddled their mounts for a little over a two-hour ride. As I recall, our scheduled ride at Pardee last year had only two riders. That day, my wife, Chris, and I enjoyed that same beautiful ride, hoping that one day others would join us. And boy did they show up! This was the most riders we've had at a day ride event since I volunteered to be the ride chairman. We had a great time taking in the sites of the lake, green grass, hills and trees. There were even turkeys and deer to view, if you had a sharp eye. A few horses had to turn back, I think they were out of condition for that particular ride. We even had a bridge crossing that caused a few of our equines to hesitate at first look, but all of us made it across and back with no issues. There was a lot of visiting, conversing and laughing as we rode. A special thank you to all who participated. Upon returning to the staging area, we gathered at the picnic tables and consumed our sandwiches and enjoyed each other's company with much talking and laughter. What a great group of people. Those who missed this ride missed something special. Hope to see you on our next ride.

Peoria Trail Clearing

By Jim Westmoreland

On March 26, 2026, eight men from Backcountry Horsemen Mid Valley Unit met at the Peoria Flat Trailhead to perform a trail clearing project near new Melones Reservoir. Some of the trails had not been cleared for years. Our scheduled departure time of 9:30 a.m. was delayed so we could have our JHA meeting. (Job hazard analysis.) Carl Perry did a great job in explaining what hazards to look for and how to perform our trail clearing in a safe manner.

With three mules in tow, loaded with saws and loppers, and of course, plenty of water, we rode our horses to the South Fork Trail. It was decided that we would divide our party into two work crews that leap-frogged each other as we progressed down the trail. We became very adept at cutting the ever-present Buck Brush out of the trail. With spiny stems that puncture gloves, shirts and skin, it presented itself as a formidable adversary. I know I wasn't the only one who had blood spots on a long sleeve shirt. We broke for lunch around noon and that was one of the few photos that I took. When we were trail clearing no one stopped to take any pictures! We were just too busy, I guess. After lunch, we headed up and over the hill to clear the trail going down to the lake. It was filled with years of brush and poison oak! After cautioning everyone about the hazards of poison oak, we set off cutting it back. It seemed as though no one

had any fear of its contamination and its rather uncomfortable aftereffects. We finally finished clearing the trail and one of the hardest of times all day was walking back up the steep trail to where we had tied the animals off. It was exhausting but satisfying. I offer a special thanks to those who participated in this project: John Marshall, Lee Owing, Gary Kane, John Schaapman, Carl Perry, Vernon Storment, and Dennis Wetherington. You guys are awesome! Those trails should stay open for a good three or four years, if not longer.

Thank you for letting me be your trail boss.

P. S. I only heard of one guy who had a slight case of poison oak on his back. Hang in there Vernon.
